

# Rear Load Dumpsters

## Product Specs Sheet

Iron Container maintains its high quality standards in manufacturing rear load containers that are ready to take a beating. Heavy gauge construction, reinforced stress points, leak tight full welds, full length structural channel on floors, fully primed, mean that these containers will give you the life you expect. All our standard containers can be made in our nestable design to minimize your storage requirements and reduce transportation costs. If you have any custom specifications please contact us.
